OBJECTIVE

Objective

Motivated Artificial Intelligence and Data Science undergraduate with strong foundations in Python, data analysis, and machine learning. Seeking an opportunity to apply my analytical and problem-solving skills to quantitative research and real-world projects.

EDUCATION

•Bachelor of Technology in Artificial Intelligence and Data Science

Shiv Nadar University Chennai

2023–2027

CGPA: 8.28

•Higher Secondary Education

Government Higher Secondary School, Vanapuram, Tiruvannamalai

2021–2023

Percentage: 93.8%

EXPERIENCE

AI Data Annotation Intern

UTH Software Company, Chennai

June 2026 – July 2026

Chennai, India

- Annotated and validated 10,000+ data samples while ensuring high-quality labeling for AI/ML model development.
- Performed quality assurance and data validation to maintain data consistency, accuracy, and compliance with project guidelines.

PROJECTS

•Customer Churn Prediction

Hugging Face  Live Demo

A machine learning model to predict customer churn using classification algorithms.

- Developed a machine learning model to predict customer churn using data preprocessing and classification techniques.
- Trained and evaluated Random Forest model using Accuracy, Precision, Recall, and F1-Score.
- **Tools:** Python, Pandas, NumPy, Scikit-learn, Matplotlib.

•Crop Recommendation System

Hugging Face  Live Demo

A model to recommend suitable crops based on soil nutrients and environmental conditions.

- Recommended suitable crops based on soil nutrients and environmental conditions.
- Trained and evaluated machine learning models using Scikit-learn for agricultural decision-making.
- **Tools:** Python, Scikit-learn, Pandas, NumPy, Matplotlib.

•AI Study Assistant

Hugging Face  Live Demo

An application that assists students by answering academic questions using the Groq API.

- Developed an AI-Powered Study Assistant that generates instant responses to academic queries using the Groq API.
- Integrated REST APIs to process user queries and generate AI-powered responses.
- **Tools:** Streamlit, Node.js, Express.js, Groq API, REST APIs.

TECHNICAL SKILLS

Languages: Python, Java

Data Analysis: Pandas, NumPy, SciPy, Matplotlib

Machine Learning: Scikit-learn, Deep Learning

Quantitative: Probability, Statistics, Time Series Analysis, Regression

Core CS: Data Structures and Algorithms, OOP, DBMS

Databases: MySQL

Tools: Git, GitHub

ACHIEVEMENTS & CERTIFICATIONS

- **SPURS Scholarship** Awarded for being the topper of Higher Secondary School.
- **Problem Solved** 300+ LeetCode problems in Data Structures and Algorithms..
- **Programming in Java (NPTEL) – Gold Certification** Achieved an outstanding score of **94%**.
- **Active Tamil Club** member at Shiv Nadar University Chennai.
